

Managed Programs for Corporations

With over 180 clients under management, Esquire is the number one provider of managed court reporting programs to corporations and insurance companies. In addition to our standard benefits of significant cost savings and increased control over deposition information, we offer simple technology to save both you and your clients time and money.

EsquireConnect

Efficient online scheduling portal is the easiest way to manage the deposition process.

Benefits for Corporate Clients

- *Manage settings across multiple firms: track all settings, regardless of firm, and filter by firm, date, attorney, case, etc.*
- *Time and cost savings: the clerical work of scheduling, rescheduling, and communicating with others is dramatically decreased*
- *Customized client invoices: EsquireConnect can be customized to capture case-related information important to the client, such as date of loss, claim manager, etc.*

Benefits for Outside Counsel

- *Schedule a deposition in moments, attach a notice and receive an immediate email confirmation*
- *Enter your frequently-used information once and never have to retype it*
- *Create shared case calendars and send your team notifications of settings and changes*
- *Review and pay invoices online*

EsquireShare
