

Think Inside The Box!

FREE cloud-based depository
for construction litigation

Esquire eDepository *Powered by Box*

Esquire eDepository puts construction litigation documents at your fingertips. Using Box cloud technology, Esquire eDepository gives you instant access to *any file type, anytime, anywhere, on any device* to keep your case moving. Easily view documents, including spreadsheets, presentations, images, and video — in any native file format.

Esquire eDepository is easy to use, with only minimal training needed, no software required. No setup or monthly fees to view, upload, download or print depository documents.

Esquire eDepository is a FREE service
for Esquire's deposition clients!

Esquire eDepository makes handling construction litigation documents simple:

- Upload/download documents instantly
- Adhere to HIPAA-compliant security standards
- Receive instant email notification with hyperlinks to newly uploaded deposits
- Easily view documents in native file format
- Free online service with no monthly or user fees
- 10 GB of free cloud storage for private collaboration with claims adjusters and experts

Thousands of top litigators across the country rely on Esquire eDepository to review depository documents.
