

Remote Deposition Solutions

The reliable and easy way to participate in depositions without travel

Esquire provides a reliable, easy, low-cost way to attend depositions or depose witnesses without travel. Our highly secure system is uniquely tailored to meet the needs of litigation professionals. We support more than 2,500 remote depositions every year in over 25 countries.

Our flexible platform offers realtime and video streaming, electronic exhibits, and portable videoconferencing all on one screen.

• Realtime Streaming

- True wireless real-time – no cables, no delay, no real-time software required
- Keyword search and highlighting – quickly find what you are looking for without losing focus on the deposition
- Transcript exporting – instantly export the highlighted transcript to any litigation software

• Electronic Exhibits

- Upload files in advance or on-the-fly
- Attend the deposition with instant access to all your documents
- Present exhibits and collaborate in real-time
- Eliminate printing and shipping charges
- Maintain control over exhibits

• Portable Videoconferencing

- Participate in fully interactive, multi-party video conferences
- View multiple video feeds on the screen at the same time
- Connect instantly without installing software
- Chat privately one-on-one or with the entire group
- Enjoy a secure connection with high-quality audio and video

ESQUIRE ENSURES THE SUCCESS OF YOUR REMOTE DEPOSITIONS:

- 24/7 Live Phone and Email Support** — No matter what time of day or night, our support team is available to help
- Free Testing and Training** — We test with each user and location to make sure every event goes smoothly
- Compatibility** — PCs, Macs, Apple & Android Phones/Tablets, and Kindle Fire Tablets
